

Broadcast and media technology

Chapter 1 - Executive summary	23
Research methodology.....	24
The effect of the recession	24
Downturn and recovery.....	25
The impact on the market	25
Market size	27
Future growth patterns	27
Average price trends	29
1 - Acquisition and production	31
2 - Post production	32
3 - Content and communication infrastructure	33
4 - Audio.....	34
5 - Storage.....	35
6 - System automation and control.....	37
7 - Payout and delivery systems	38
8 - Test, quality control and monitoring	39
9 - Services	40
Regional dynamics	41
The Americas.....	41
EMEA	42
Asia-Pacific.....	44
Supplier dynamics	46
Resellers.....	46
Retail	46
Products or solutions?	47
Conclusion	47

Broadcast and media technology

Chapter 2 - The broadcast industry model.....	49
The root of the problem	49
The downturn by region	50
Currency variations.....	51
How has the recession impacted the broadcast industry?	52
The broadcast industry model.....	57
Structure of the supply chain	58
Segmentation.....	59
Key industry drivers.....	60
The industry structure	60
The supply chain for buyers	62
Market summary	64
Delivery platforms.....	64
HD content trends	64
Cross-platform delivery	65
Multi-channel services.....	66
File-based workflows.....	69
Business impact assessment.....	71
Revenues not profits.....	71
Buyers.....	71
Sellers.....	71
Risk strategies	73
Chapter 3 - Sector sizing and analysis	75
Scope and segmentation.....	75
The global broadcast and media technology industry in 2008	76
Market overview	76
Average price trends	79

1 - Acquisition and production	84
1.1 Cameras and camcorders	85
1.2 Camera accessories.....	87
1.3 Studio and location systems.....	88
2 - Post production.....	89
2.1 Film.....	90
2.2 Content creation	91
2.3 Editing and processing	91
2.4 Content re-purposing.....	93
3 - Content and communication infrastructure	93
3.1 Routing and networking	95
3.2 Interface and conversion	96
3.3 Contribution and links	97
3.4 Communication	97
4 - Audio	98
4.1 Audio acquisition	99
4.2 Audio automation.....	99
4.3 Audio infrastructure	100
4.4 Audio monitoring.....	100
4.5 Audio processing	100
5 - Storage	101
5.1 VTR	102
5.2 Tapeless storage	102
5.3 Archive and storage.....	104
5.4 Media.....	104
6 - System automation and control	105
6.1 Station and playout automation	106
6.2 News automation.....	108
6.3 Offline infrastructure.....	109

Broadcast and media technology

7 - Playout and delivery systems	109
7.1 Playout.....	110
7.2 Distribution.....	111
7.3 Delivery	112
8 - Test, quality control and monitoring.....	114
8.1 Test and quality control	115
8.2 Monitoring	115
8.3 Multi-view processors.....	116
9 - Services.....	117
9.1 Systems integration	118
9.2 Consultancy and professional services.....	119
9.3 Rental and hire services.....	119
9.4 Managed services.....	120
9.5 Maintenance and support contracts.....	121
9.6 Transmission infrastructure.....	121
Segment analysis of new revenues.....	122
Chapter 4 - Regional market dynamics and forecasts.....	125
Methodology and considerations	125
The value of reseller channels.....	126
Regional and market dynamics.....	128
Recession considerations.....	131
Reconciling forecasts	132
Regional summary	138
Key growth drivers	139
1 - Acquisition and production	142
2 - Post production.....	144

3 - Content and communication infrastructure	146
4 - Audio	148
5 - Storage	150
6 - System automation and control	153
7 - Payout and delivery systems	155
8 - Test, quality control and monitoring.....	157
9 - Services.....	159
Sub-regional dynamics.....	161
The Americas	164
North America	164
Latin America	166
Europe, Middle East and Africa	167
Western Europe	167
Eastern Europe	168
Middle East	169
Africa	169
Asia-Pacific.....	170
China	170
India	171
Japan	172
Rest of Asia-Pacific	173
Company locations.....	174
Comparison of 2008 study with 2006 study.....	177
Like-for-like comparison.....	177
Fixed versus variable exchange rates	178

Broadcast and media technology

Chapter 5 - Supply side market and strategies	181
The recession	182
Specialisation of companies.....	184
Company positioning and ownership	186
Public companies	186
Private companies	187
Subsidiaries.....	188
Industry concentration and revenue trends.....	188
Investment strategies and funding	191
R&D analysis.....	191
Mergers and acquisitions, and funding trends.....	194
Channels to market	199
Direct sales	200
Agents and resellers	202
Systems integrators.....	203
Consultants	204
Retail	204
New routes to market	206
Partnerships	206
OEM and ODM.....	206
The services component	207
The new way of buying	208
The new way of selling	208
The role of global integrators	209

Chapter 6 - The broadcast buyer	211
Broadcaster consolidation	213
The “fifth fuel”	214
The market for delivery platforms	219
Television - terrestrial	222
Cable	223
Direct to home satellite	224
IPTV	224
“Over the top” internet TV	225
Mobile TV	225
Digital cinema	225
Digital signage	226
Packaged media	227
Radio - analogue	227
Digital Audio Broadcasting (DAB)	228
Digital Radio Mondiale (DRM)	228
HD radio	228
CAM-D	228
FMeXtra	228
Satellite radio	228
Television radio	229
Internet radio	229
Fighting for attention, and money	229
The global advertising markets	229
The mechanics of decline	230
Broadcaster trends	236
Dependence upon advertising	236
Spend by application	237
Application opportunities	237
Technology drivers	239
The outside broadcast market	239

Broadcast and media technology

Chapter 7 - Emerging technologies	241
Workflow transitions	241
What is a workflow?	241
File-based transitions	242
Integration and interoperability	243
System-oriented approach	246
High definition television	248
HD growth drivers	249
Geographic trends	250
HD strategies.....	250
IPTV	253
Global markets	253
Video on demand on IPTV	255
Future outlook.....	255
IPTV technology demands	256
Access technology and codec usage	256
HD over IPTV	257
Online television	258
Broadband uptake.....	258
Free-to-view drives online consumption	258
Who will pay for online video?.....	259
Video quality is poor but set to improve	259
Set-top box strategies for the primary screen	260
Internet-connected TVs.....	261
The proliferation of secondary screens.....	261
Mobile television	262
Delivery mechanisms	262
Unicast for niche market	262
Broadcast for mass market.....	262
Early services lowered consumer expectations	263

2009 update	263
Future outlook.....	264
Where are the revenues?	265
Mobile TV forecast	265
Challenges	267
Business models	267
Monetising services	267
Disruptive technology	268
Consumer premises equipment	269
Pay TV consumer homes	269
Platform dynamics	270
Multi-play services	272
Measuring multi-play	272
Chapter 8 - Data tables and publication guidelines	275
Statement of copyright	275
Disclaimer	275
Licensed use only	275
Guidelines for publishing copyright information	275
Data tables	275
Template reports and quotations.....	276
About this study.....	276
Quotations	26
Template press announcement	277
Template presentation.....	278
About the IABM	278
About Screen Digest	278
For further information	278

Broadcast and media technology

Chapter 9 - Appendices.....	279
Methodology and authors' comments.....	279
Background.....	279
Data collection.....	280
Analysis and modelling	281
Forecasting	281
Commentary	281
Market segmentation detail.....	282
1 Acquisition and production.....	282
2 Post production.....	283
3 Content and communication infrastructure	283
4 Audio	283
5 Storage	284
6 System automation and control	284
7 Payout and delivery systems.....	284
8 Test, quality control and monitoring	285
9 Services.....	285
Authors' biographies	286
Related sources.....	287
Supplier listing.....	288

Index to charts and tables

Chapter 1 - Executive summary

Regions in recession	23
GDP growth (CAGR) to 2012	24
Television industry revenue streams	25
H1 2008 to H1 2009 revenue change.....	26
Change in currency value against the US dollar.....	26
Global revenue split 2008	27
Market value by segment.....	27
Growth rate comparisons	28
Growth and drivers.....	28
Average unit price	29
Global broadcast equipment shipment average selling price.....	30
Acquisition and production sub-segment overview	31
Post production sub-segment overview.....	32
Content and communication sub-segment overview	33
Audio sub-segment overview	34
Storage sub-segment overview	35
Video storage costs on disk and tape	36
System automation and control sub-segment overview.....	37
Global transmitter revenue	38
Payout and delivery systems sub-segment overview.....	38
Test, quality control and monitoring sub-segment overview	39
Services sub-segment overview.....	40
Global market growth.....	41
GDP growth - Americas	42
GDP growth - Europe, Middle East and Africa.....	43
GDP growth - Asia-Pacific.....	45
Supplier size: broadcast revenue 2008.....	46

Chapter 2 - The broadcast industry model

Regions in recession	49
GDP growth (CAGR) to 2012	51

Broadcast and media technology

Exchange rates used in this report	52
Currency variation against the US dollar	53
Movement of currencies against the US dollar	54
Television industry revenue streams	55
TV and all media revenue growth during recession	55
Pay television revenue growth during recession	56
Growth in the broadcast industry to 2012.....	56
IABM industry model	57
Specialist and multi-product companies	61
Supply chain for buyers.....	63
Broadcasters with online TV offerings	66
Online TV services	67
Unique content v bandwidth	68
Traditional workflow	69
New workflow	69
Traditional integration architecture.....	70
Service-oriented architecture.....	70
Business model management	71
Broadcast and IT technology innovation strategies	72
NLE market innovation strategies - industry examples.....	73

Chapter 3 - Sector sizing and analysis

Change in currency value against the US dollar.....	76
Global market size	77
Industry segmentation	77
Market value by segment.....	78
Global revenue split 2008	78
Comparative analysis 2006 to 2008	78
New revenue accounted for by segment	79
Average unit price	80
Global broadcast equipment shipment average selling price.....	81
Global broadcast equipment shipment units	82
Global broadcast equipment shipment value.....	83
Acquisition and production sub-segment overview	84

Acquisition and production sub-segment proportions.....	84
Acquisition and production top five manufacturers.....	84
Acquisition and production top five manufacturers by sub-segment.....	85
Acquisition and production market concentration.....	85
Camera market proportions	85
Digital cinematography cameras, film cameras and high-end camcorders.....	85
ENG and news camcorders.....	86
Professional and consumer derivative camcorders	86
System cameras including CCU, super slo-mo cameras, and miniature and point of view cameras	86
Robotics, supports and heads, wireless systems and other accessories	87
Camera batteries	87
Camera lenses	88
Camera accessories sub-segment proportions	88
Prompters	88
Production switchers and studio vision mixers	89
Post production top five manufacturers	89
Post production top five manufacturers by sub-segment.....	89
Post production sub-segment overview	90
Post production market concentration	90
Post production sub-segment proportions.....	90
2D graphics, high-end 3D graphics, animation and software-only animation	91
Character and template-driven graphics generators and on-air graphics and logo generators	91
High-end NLE, colour grading and compositing	92
Mainstream networked NLE.....	92
Global editing and processing revenues	92
NLE - packaged software.....	93
Content and communication sub-segment overview	93
Content and communication top five manufacturers	94
Content and communication sub-segment proportions	94
Content and communication top five manufacturers by sub-segment	94
Content and communication market concentration	94
Routers, switching and control	95
Structured wiring and cables.....	95

Broadcast and media technology

Infrastructure hardware.....	96
File conversion and transcoders for contribution/distribution links and for multiple distribution platforms.....	96
Microwave links and mobile and portable satellite uplinks.....	97
Intercom and talkback	97
Audio sub-segment overview	98
Audio top five manufacturers.....	98
Audio top five manufacturers by sub-segment	99
Audio market concentration	99
Audio sub-segment proportions	99
Radio automation	100
Audio mixers	100
Storage sub-segment overview	101
Storage sub-segment proportions	101
Storage top five manufacturers	101
Storage top five manufacturers by sub-segment	102
Storage market concentration	102
NAS, SAN, hard disk and disk-based formats.....	102
Video servers: realtime encoding/decoding for transmission.....	103
Video servers: realtime encoding/decoding for production	103
Video server revenue by type 2008.....	103
Global storage revenue	104
Data and media tape.....	105
System automation and control sub-segment overview.....	105
System automation and control top five manufacturers	106
System automation and control sub-segment proportions	106
System automation and control top five manufacturers by sub-segment	106
System automation and control market concentration	106
Global segment revenue by system type	107
Playout automation.....	107
Asset management and rights management systems	107
Global station playout and automation revenues.....	108
Broadcast management systems including scheduling, workflow, sales, traffic and billing.....	108
Newsroom content automation and editorial computer systems	109

Index to charts and tables

Payout and delivery systems top five manufacturers	109
Payout and delivery systems sub-segment proportions.....	109
Payout and delivery systems sub-segment overview	110
Payout and delivery systems market concentration	110
Payout and delivery systems top five manufacturers by sub-segment.....	110
Master control switchers	111
Subtitling and text systems	111
Conditional access and encryption systems	111
IPTV, internet, streaming and mobile headends	112
Video on demand servers and systems.....	112
Antennas and satellite ground stations	112
Television transmitters	113
Radio transmitters.....	113
Global transmitter revenue	113
Test, quality control and monitoring sub-segment overview	114
Test, quality control and monitoring top five manufacturers.....	114
Test, quality control and monitoring top five manufacturers by sub-segment	114
Test, quality control and monitoring sub-segment proportions	114
Test, quality control and monitoring market concentration.....	115
Network monitoring including SNMP	115
Studio video monitors.....	115
Services sub-segment overview.....	117
Services top five manufacturers	117
Services top five manufacturers by sub-segment.....	117
Services market concentration	118
Services sub-segment proportions.....	118
Rental and hire services market.....	119
Outside broadcast	120
Facilities	120
Payout facilities.....	120
New revenues accounted for by sub-segment	123

Chapter 4 - Regional market dynamics and forecasts

Global regions	125
Exchange rate variations against 2006 US dollar.....	126
Value of reseller mark-up.....	127
Total revenues accruing to resellers (including mark-up and value of equipment)	127
Percentage of industry value going through reseller channels.....	128
GDP growth - Americas	128
GDP growth - Europe, Middle East and Africa.....	129
GDP growth - Asia-Pacific.....	130
Growth and drivers.....	131
Total available broadcast revenue	132
Growth rate comparisons	133
Forecast comparisons	134
Sub-regional change: 2009 forecasts in comparison with 2008.....	135
Global market growth.....	136
Global market growth by region.....	137
Major quadrennial events	137
Market value by segment.....	138
Growth rate by segment	139
Key influences by region	139
Percentage of market by segment	140
Cyclical growth in broadcast and media technology	141
Market growth by segment	141
Acquisition and production growth.....	142
Acquisition and production growth chart	143
Camera format sales	143
Post production growth.....	145
Post production growth chart	145
Content and communication infrastructure growth	146
Content and communication infrastructure growth chart	147
Audio growth.....	148
Audio growth chart.....	149
Storage growth.....	150

Storage growth chart.....	151
Cost per hour of video storage on tape and disk	151
Tape and non-tape based storage	152
System automation and control growth.....	153
System automation and control growth chart	154
Playout and delivery systems growth.....	155
Playout and delivery systems growth chart	156
Test, quality control and monitoring growth	157
Test, quality control and monitoring growth chart	158
Services growth.....	159
Services growth chart.....	160
Key influences by sub-region.....	162
Market size by sub-region.....	162
Market size by sub-region chart.....	163
Manufacturer revenues by sub-region.....	163
Manufacturer revenue growth by sub-region	164
Manufacturer revenue growth - Americas.....	164
Manufacturer revenue - Americas.....	165
Manufacturer revenue - EMEA.....	167
Manufacturer revenue growth - EMEA	167
Manufacturer revenue - Asia-Pacific.....	170
Manufacturer revenue growth - Asia-Pacific	171
Broadcast revenue accruing to companies by region	174
Global company ownership of major broadcast vendors	175
Percentage broadcast revenue accruing to companies by region	176
Importing and exporting	176
Like-for-like 2006 data: segment analysis in 2006 US\$.....	177
Like-for-like 2006 data: global market share by region.....	178
Global market: 2006 fixed exchange rate	178
Global market: exchange rate impact.....	179
Global market: variable exchange rate	179

Broadcast and media technology

Chapter 5 - Supply side market and strategies

Public companies' quarter on quarter change (including non-broadcast revenue) normalised	182
H1 2008 to H1 2009 revenue change.....	183
Share price index comparison.....	183
Supplier size: broadcast revenue 2008.....	184
Broadcast revenue by sub-segment specialisation 2009.....	185
Supplier size including non-broadcast revenue 2008	185
Companies by ownership.....	186
Public company profile.....	187
Private company profile	188
Public and private subsidiary company profile.....	188
Revenue growth by percentiles.....	189
Revenue change in percentiles during recession H1 2008 to H1 2009.....	189
Supplier size: revenue by percentile pure play v non-pure play 2008	190
Revenue split by ownership type per percentile.....	191
Selected list of public companies' R&D spend.....	192
Public companies in broadcast.....	193
Venture capital funding	194
Selected mergers and acquisitions 2007 to 2009	197
Value chain in channels to market	199
Routes to market mark-up table	201
Average revenue from services by traditional product vendors.....	207
Global systems integrators by region.....	210

Chapter 6 - The broadcast buyer

Broadcasters with online TV offerings	216
Overview of transactional TV services	217
Global snapshot of viewing.....	219
North America households.....	220
Europe households	220
Asia-Pacific households	220
Global households.....	221
Comparative markets overview	221
Comparative markets chart.....	221

Number of digital cinema screens	226
Packaged media sales by format	227
Global television advertising revenues	230
Global advertising overview	231
Advertising growth in comparison to GDP	231
Television advertising growth	232
Television advertising: three years of decline in Europe	233
US television advertising revenue	233
Big 5 Europe television advertising revenue	234
Selected European broadcasters growth to end 2009	234
Russia television advertising revenue	235
China television advertising revenue	235
Spend by application: acquisition and production	237
Annual programming spend in European big five countries	238
Estimated programming spend by genre for Western Europe major broadcasters	238
Global outside broadcast market: new trucks 2008	239

Chapter 7 - Emerging technologies

Integrated digital workflows	242
Video storage costs on disk and tape	243
Falling cost of storage per gigabyte	244
Comparative storage choices	244
Current costs of storing video formats on hard disk, video tape and data tape	245
Contribution and transfer standards	246
Compression codecs: capture and workflow standards	247
High definition households	248
HD revenue and spend: example trends	250
Current and forecast HD service launches	252
IPTV operational costs	256
IPTV access technology by active subscribers	256
Codec share by active subscribers	257
Number of broadband connections	258
US online video revenues	259
Online television streams	259

Broadcast and media technology

TV connected broadband capable devices	260
Video enabled portable devices	261
Voice ARPU to mobile operators	262
Unicast mobile television	262
Broadcast mobile television	263
Mobile television viewers	264
Mobile television revenues.....	265
Mobile television viewers by region.....	266
Mobile television revenues by region.....	266
Broadcast mobile television viewers by technology.....	268
Digital pay TV set-top box demand	269
Set-top box demand by type.....	270
Set-top box demand by platform	271
Average multi-play revenue generating units per subscriber	272
Revenue generating units per television household.....	273
US and European big 5 markets by revenue generating units	274
Global revenue generating units by platform	274
